## TERMINAL PAY PLAN

***ARE YOU RETIRING OR LEAVING THE COUNTY?  
DO YOU HAVE ACCRUED VACATION OR SICK TIME?***

**THE TERMINAL PAY PLAN CAN HELP REDUCE TAXES  
ON YOUR FINAL PAYOUT.**

If you are at least 55 years of age, the Terminal Pay Plan ("TPP") makes a very favorable change in the way your final payments for accrued vacation and sick time are taxed.

In the past, the value of your accrued vacation and sick leave would have been paid in cash. You then had to pay taxes on the full amount. These taxes included FICA taxes (Social Security and Medicare) up to 7.65%, as well as state and federal income taxes at the rates applicable to your income level.

With the TPP you will not pay any FICA taxes on the final payment for your accrued vacation and sick time. You also have the option of deferring income tax on some or all of your payment by electing a direct rollover into an IRA or employer retirement plan.

### **HERE'S HOW THE TERMINAL PAY PLAN WORKS:**

- ✓ First, you must be at least 55 years old to be eligible.
  - ✓ Next, the value of your accrued sick and vacation time is determined by Payroll.
  - ✓ Now, you must elect what you want to do with your distribution. You will do this on the TPP Request Form provided by your payroll clerk.
- Election ❶ Elect all cash (cash distributions are subject to mandatory 20% federal tax withholding and 6% California state tax withholding, but you may elect to have no state withholding by completing Form DE-4P).
- Election ❷ Elect to rollover the entire amount to a Deferred Compensation Plan or IRA. You can choose:
- a) The San Diego 457 Deferred Compensation Plan if you are already participating
  - b) The San Diego County 401(a) Incentive Retirement Deferred Compensation Plan if you are already participating
  - c) A traditional IRA at the institution of your choice
- Election ❸ Elect a partial rollover as described above, with the remainder as a lump sum cash payment.
- Election ❹ Elect to receive installment payments over 60 months (without interest).
- ✓ Finally, sign and date the forms, and return them to the TPP Plan Administrator, Public Agency Retirement Planning, Inc. (PARP) at 2202 S. Figueroa St., Suite 536, Los Angeles, CA 90007.
  - ✓ PARP will process your distribution, less a 2% fee for plan administrative expenses. Payments made to you or on your behalf will come from the Plan Trustee, M&T Investment Group.

# **SPECIAL TAX NOTICE REGARDING PLAN PAYMENTS**

This notice contains important information you will need before you decide how to receive your Plan benefits.

This notice is provided to you by your "**Trust Administrator**" because all or part of the payment that you will soon receive from the "**Plan**" may be eligible for rollover by you or your Plan Administrator to a traditional IRA or another qualified employer plan. A "traditional IRA" does not include a Roth IRA, SIMPLE IRA, or education IRA. If you have additional questions after reading this notice, you can contact the persons listed below.

## **SUMMARY**

There are two ways you may be able to receive a Plan payment that is eligible for rollover:

- (1) Certain payments can be made directly to a traditional IRA or, if you choose, another qualified employer plan that will accept it ("**DIRECT ROLLOVER**"), or  
(2) The payment can be **PAID TO YOU**.

### **If you choose a DIRECT ROLLOVER**

- Your payment will not be taxed in the current year and no income tax will be withheld.
- Your payment will be made directly to your traditional IRA or, if you choose, to another qualified employer plan that accepts your rollover. Your Plan payment cannot be rolled over to a Roth IRA, a SIMPLE IRA, or an education IRA because these are not traditional IRAs.
- Your payment will be taxed later when you take it out of the traditional IRA or the qualified employer plan.

### **If you choose to have a Plan payment that is eligible for rollover PAID TO YOU**

- You will receive only 80% of the payment (or 74% if California State withholding is taken), as the Plan Administrator is required to withhold 20% of the payment and send it to the IRS as income tax withholding to be credited against your taxes. In addition, the Plan Administrator is required to withhold 6% of the payment and send it to the State of California as withholding **UNLESS YOU SIGN A FORM (ATTACHED FORM DE 4P) INDICATING YOU DO NOT WANT STATE WITHHOLDING TAKEN FROM THE PAYMENT OR THAT YOU WANT SOME AMOUNT OTHER THAN 6% WITHHELD. IT IS NOT POSSIBLE TO REDUCE OR ELIMINATE THE 20% FEDERAL WITHHOLDING.** If you choose not to pay California withholding you will receive 80% of the payment.
- Your payment will be taxed in the current year unless you roll it over.
- You can roll over the payment by paying it to your traditional IRA or to another qualified employer plan that accepts your rollover if you do so within 60 days after you receive the payment. The amount rolled over will not be taxed until you take it out of the traditional IRA, or the qualified employer plan.

If you choose to have the payment sent to you, and then decide to roll over the payment to a traditional IRA or another qualified employer plan, you must find other money to replace the 20% federal income tax withheld, or 26% if you also choose to have California State tax withheld from the payment. If you roll over only the 80% that you received (or 74% if California State tax is withheld), you will be taxed on the 20%, or 26%, that was withheld and that is not rolled over.

## **MORE INFORMATION**

### **PAYMENTS THAT CAN AND CANNOT BE ROLLED OVER, DIRECT ROLLOVER, PAYMENT PAID TO YOU, SURVIVING SPOUSES, ALTERNATE PAYEES, AND OTHER BENEFICIARIES**

#### **I. PAYMENTS THAT CAN AND CANNOT BE ROLLED OVER**

Payments from the Plan may be "eligible rollover distributions." This means that they can be rolled over to an IRA or to another employer plan that accepts rollovers. Payments from a plan cannot be rolled over to a Roth IRA, a SIMPLE IRA, or an education IRA. Your Plan Administrator should be able to tell you what portion of your payment is an eligible rollover distribution.

The following types of payments cannot be rolled over:

**Non-taxable Payments.** In general, only the "taxable portion" of your payment can be rolled over. If you have made "after-tax" employee contributions to the Plan, these contributions will be non-taxable when they are paid to you, and they cannot be rolled over.

**Payments Spread over Long Periods.** You cannot roll over a payment if it is part of a series of equal (or almost equal) payments that are made at least once a year and that will last for

- your lifetime (or your life expectancy), or
- your lifetime and your beneficiary's lifetime (or life expectancies), or
- a period of ten years or more.

**Required Minimum Payments.** Beginning when you reach age 70½ or retire, whichever is later, a certain portion of your payment cannot be rolled over because it is a "required minimum payment" that must be paid to you. Special rules apply if you own 5% or more of your employer.

## **II. DIRECT ROLLOVER**

A **DIRECT ROLLOVER** is a direct payment of the amount of your Plan benefits to a traditional IRA or another qualified employer plan that will accept it. You can choose a DIRECT ROLLOVER of all or any portion of your payment that is an eligible rollover distribution, as described in Part I above. You are not taxed on any portion of your payment for which you choose a DIRECT ROLLOVER until you later take it out of the traditional IRA or qualified employer plan. In addition, no income tax withholding is required for any portion of your Plan benefits for which you choose a DIRECT ROLLOVER.

**DIRECT ROLLOVER** to a Traditional IRA. You can open a traditional IRA to receive the direct rollover. If you choose to have your payment made directly to a traditional IRA, contact an IRA sponsor (usually a financial institution) to find out how to have your payment made in a direct rollover to a traditional IRA at that institution. If you are unsure of how to invest your money, you can temporarily establish a traditional IRA to receive the payment. However, in choosing a traditional IRA, you may wish to consider whether the traditional IRA you choose will allow you to move all or a part of your payment to another traditional IRA at a later date, without penalties or other limitations. See IRS Publication 590, Individual Retirement Arrangements, for more information on traditional IRAs (including limits on how often you can roll over between IRAs).

**DIRECT ROLLOVER** to a Plan. If you belong to a qualified employer plan, a 403(b), or a governmental 457 plan and you want a direct rollover to that plan, ask the Plan Administrator of that plan whether it will accept your rollover. A qualified employer plan is not legally required to accept a rollover. If other plan does not accept a rollover, you can choose a DIRECT ROLLOVER to a traditional IRA.

**DIRECT ROLLOVER** of a Series of Payments. If you receive a payment that can be rolled over to a traditional IRA or another qualified employer plan that will accept it, and it is paid in a series for less than ten years, your choice to make or not make a DIRECT ROLLOVER for a payment will apply to all later payments in the series until you change your election. You are free to change your election for any later payment in the series.

## **III. PAYMENT PAID TO YOU**

If your payment can be rolled over under Part I above and the payment is made to you in cash, it is subject to 20% federal income tax withholding. It is also subject to 6% mandatory California tax withholding. However, you may elect not to have the California withholding taken out from your payments, or to have some amount other than 6% taken, by completing Form DE-4P. The federal tax is mandatory and may not be waived. The payment is taxed in the year you receive it unless, within 60 days, you roll it over to a traditional IRA or another qualified employer plan that accepts rollovers. If you do not roll it over, special tax rules may apply.

## **INCOME TAX WITHHOLDING**

### **Mandatory Withholding**

#### **Federal and State Tax Withholding**

**Mandatory Withholding.** If any portion of your payment can be rolled over under Part I above and you do not elect to make a DIRECT ROLLOVER, the Plan is required by law to withhold 20% of that amount for federal tax withholding. This amount is sent to the IRS as income tax withholding. In addition, the Plan is required to withhold 6% of that amount for California tax withholding. However, you may elect not to have anything withheld for California tax or to have some amount other than 6% withheld. You may do that by completing Form DE-4P that will be supplied to you by the Plan Administrator.

For example, if you can roll over a payment of \$10,000, only \$7,400 will be paid to you because the Plan must withhold \$2,000 as income tax for federal withholding and 6% for state withholding. However, when you prepare your income tax return for the year, you must report the full \$10,000 as a payment from the Plan. You must report the \$2,000 as federal tax withheld, and it will be credited against any income tax you owe for the year and you must report \$600 as California state income tax and it will be credited against any income tax you owe for the year. If you elect not to have any state tax withheld you will receive \$8,000, **the federal tax withholding may not be waived.**

**Sixty-Day Rollover Option.** If you receive a payment that can be rolled over under Part I above, you can still decide to roll over all or part of it to a traditional IRA or another qualified employer plan that accepts rollovers. If you decide to roll over, you must contribute the amount of the payment you received to a traditional IRA or another qualified plan within 60 days after you receive the payment. The portion of your payment that is rolled over will not be taxed until you take it out of the traditional IRA or the qualified employer plan.

You can roll over up to 100% of your payment that can be rolled over under Part I above, including an amount equal to the 20% that was withheld, or the 26% withheld assuming you decide to have the California state withholding apply. If you choose to roll over 100%, you must find other money within the 60-day period to contribute to the traditional IRA or the qualified employer plan, to replace the 20% (or 26%) that was withheld. On the other hand, if you elect not to pay California state withholding and if you rollover only the 80% that you received, you will be taxed on the 20% that was withheld.

**Example:** The portion of your payment that can be rolled over under Part I above is \$10,000, and you choose to have it paid to you. You elect not to have California withholding taken out. You will receive \$8,000, and \$2,000 will be sent to the IRS as income tax withholding. Within 60 days after receiving the \$8,000, you may roll over the entire \$10,000 to a traditional IRA or a qualified employer plan. To do this, you roll over the \$8,000 you received from the Plan, and you will have to find \$2,000 from other sources (your savings, a loan, etc.). In this case, the entire \$10,000 is not taxed until you take it out of the traditional IRA or the qualified employer plan. If you roll over the entire \$10,000, when you file your income tax return you may get a refund of part or all of the \$2,000 withheld.

If, on the other hand, you roll over only \$8,000, the \$2,000 you did not roll over is taxed in the year it was withheld. When you file your income tax return you may get a refund of part of the \$2,000 withheld. (However, any refund is likely to be larger if you roll over the entire \$10,000.)

**Additional 10% Tax If You Are under Age 59½.** If you receive a payment before you reach age 59½ and you do not roll it over, then, in addition to the regular income tax, you may have to pay an extra tax equal to 10% of the taxable portion of the payment. The additional 10% tax generally does not apply to (1) payments that are paid after you separate from service with your employer during or after the year you reach age 55, (2) payments that are paid because you retire due to disability, (3) payments that are paid as equal (or almost equal) payments over your life or life expectancy (or your and your beneficiary's lives or life expectancies), (4) dividends paid with respect to stock by an employee stock ownership plan (ESOP) as described in Code section 404(k), (5) payments that are paid directly to the government to satisfy a federal tax levy, (6) payments that are paid to an alternate payee under a qualified domestic relations order, or (7) payments that do not exceed the amount of your deductible medical expenses. See IRS Form 5329 for more information on the additional 10% tax.

**Special Tax Treatment if You Were Born before January 1, 1936.** If you receive a payment that can be rolled over under Part I and you do not roll it over to a traditional IRA or other qualified employer plan that will accept it, the payment will be taxed in the year you receive it. However, if the payment qualifies as a "lump sum distribution," it may be eligible for special tax treatment. A lump sum distribution is a payment, within one year, of your entire balance under the Plan (and certain other similar plans of the employer) that is payable to you after you have reached age 59½ or because you have separated from service with your employer (or, in the case of a self-employed individual, after you have reached age 59½ or have become disabled). For a payment to be treated as a lump sum distribution, you must have been a participant in the plan for at least five years before the year in which you received the distribution. The special tax treatment for lump sum distributions that may be available to you is described below.

In general, the rules summarized above that apply to payments to employees also apply to payments to surviving spouses of employees and to spouses or former spouses who are "alternate payees." You are an alternate payee if your interest in the Plan results from a "qualified domestic relations order," which is an order issued by a court, usually in connection with a divorce or legal separation. Some of the rules summarized above also apply to a deceased employee's beneficiary who is not a spouse. However, there are some exceptions for payments to surviving spouses, alternate payees, and other beneficiaries that should be mentioned.

If you are a surviving spouse, you may choose to have a payment that can be rolled over, as described in Part I above, paid in a DIRECT ROLLOVER to a traditional IRA or paid to you. If you have the payment paid to you, you can keep it or roll it over yourself to a traditional IRA but you cannot roll it over to a qualified employer plan. If you are an alternate payee, you have the same choices as the employee. Thus, you can have the payment paid as a direct rollover or paid to you. If you have it paid to you, you can keep it or roll it over yourself to a traditional IRA or to another qualified employer plan that accepts rollovers.

If you are a beneficiary other than the surviving spouse, you cannot choose a direct rollover, and you cannot roll over the payment yourself.

If you are a surviving spouse, an alternate payee, or another beneficiary, your payment is generally not subject to the additional 10% tax described in section III above, even if you are younger than age 59½.

## HOW TO OBTAIN ADDITIONAL INFORMATION

This notice summarizes only the federal (not state or local) tax rules that might apply to your payment. The rules described above are complex and contain many conditions and exceptions that are not included in this notice. Therefore, **you may want to consult with a professional tax advisor before you take a payment of your benefits from the Plan.** Also, you can find more specific information on tax treatment of payments from qualified retirement plans in IRS Publication 575, Pension and Annuity Income, and IRS Publication 590, Individual Retirement Arrangements. These publications are available from your local IRS office or by calling 1-800-TAX-FORMS.
